

Mechanical interconnected lockset

RS210F & CS210, Grade 2

The RS210F and CS210 mechanical interconnected locksets provide panic-free, single motion egress and comply with the requirements of the National Fire Protection Association (NFPA) Codes and local building codes.

Features

- Both the RS210F and CS210 accept a variety of commercial and all residential levers to provide never before available suiting options for our Schlage interconnect product line
- Available in split lever designs and finishes
- Select levers are code compliant with return to door requirements and meet ADA requirements
- The interconnect mechanism is adjustable to 4" and 5-1/2" door preparations

Benefits

- Single motion egress meets Life & Safety code requirements
- Ideal for both new construction and renovation/aftermarket projects
- Easy to install, fits standard door preparations

RS210F 619 Satin Nickel

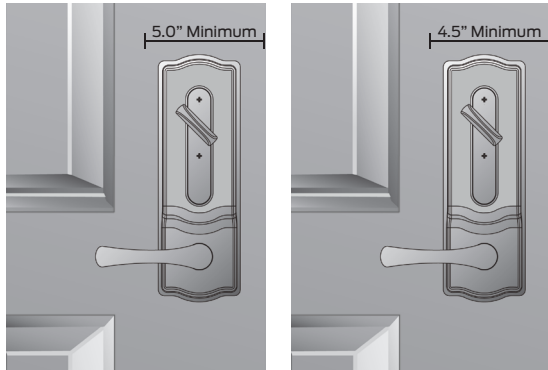

CS210 619 Satin Nickel
